WHY STAND FOR ELECTION?

Hey all! My name is Trish and I am the CEO of Undeb Aber.

So...Why should you stand in elections this year? To be honest it's one of the best jobs you will ever have, you get to represent student voice and bring about changes that you care deeply about.

Led by students and supported by a team of staff, the Students' Union wants Aber students to love student life and be ready for anything. We work to ensure that Aber students have an epic student journey, are happy, healthy and empowered, with lasting friendships and promising futures.

We do all of this in a variety of ways; primarily through opportunities, representing students views and providing advice and support. One key way we do this is by electing students who will speak and work for you on a range of issues but also together with full-time officers and staff to shape the work of AberSU.

There are a range of roles available depending on your interest which can be found further in this guide and numerous benefits of standing.

So, if you are passionate about a specific aspect of student life and want to be heard; or simply feel you can help contribute and better the Union's understanding of particular groups of students.

Stand in our SU Elections!
Trust me, it will be the best decision you make!
Pob lwc... Good luck!

Trish McGrath
Students' Union CEO

Full-time Officer roles and
Volunteer Officer roles.

SU Elections: Information Sessions

Our SU Elections: Information Sessions is your chance to find out all you need to know about the different full-time and volunteer officer roles. We will talk through how the Student's Union is lead by these roles and the differences of each role. We will also chat about all the key dates and facts about the elections, its really just an informal opportunity to ask any questions to current officers and experienced support staff!

All Aberystwyth University students are welcome to come along to Su Election: Information sessions – you don't need to have any prior knowledge of the positions, elections, or even the Students' Union and there is no commitment to standing as a candidate by attending. In fact, the less sure you are, the more reason to come along.

SU Election: Information sessions will take place throughout the Officer Elections standing period in January and February, with full details found on the Students' Union website and social media events pages in the weeks before.

CANDIDATE BRIEFING

This is an essential part of the Students' Union elections process. At this session, you will get all the information regarding the rules of the election, further information on how voting works and clarity around publicity (including spending limits). It is an ideal opportunity to ask questions and clear up anything you do not fully understand. Non-attendance at this session and subsequent misinterpretation of the rules will not be treated with specific leniency.

Academic Rep as well as Club and Society Committee Candidates will receive a separate briefing provided by email.

HOW THE STUDENTS' UNION WORKS?

The Students' Union is a student-led organisation, so ultimately it is you the students who control it. It's run by a mixture of people, from the Board of Trustees who direct the priorities of the Union ensuring it represents its members effectively; to Senedd who meet four times a year and direct the work of the Union, and it's full-time and volunteer officers.

The highest decision-making body is a Big Meeting, our Annual General Meeting which all students are invited to and this year will take place in semester two. The Union also employs a small staff team who run day-to-day operational functions and support student officers.

For more detailed information on the Students' Unions operating and governing procedures check out the website www.abersu.co.uk/aboutaber/smallprint

AVAILABLE ROLES

FULL-TIME OFFICER ROLES

There are 5 Full-time Officers who are elected and paid for one year outside of their studies to serve as the political leaders of AberSU. Each role has specific duties based on agreed priorities.

Together they are the voice of Aberystwyth students and are collectively responsible for promoting and defending the rights of students, campaigning on issues, promoting involvement in the Union and coordinating student zones and groups. As a Full-time Officer, you will also be an officer trustee and sit on the Board of Trustees as well as taking various seats in University management committees to speak on behalf of students to those groups. All elected officers will be provided with training, support and guidance to carry out the role and make their priorities a reality. *These roles are elected in the Officer Elections held between January and March each year.*

VOLUNTEER OFFICER ROLES

Volunteer Officers are elected every year but unlike Full-time Officers they carry out their role alongside their studies. Each Volunteer Officer has a specific responsibility and some may represent specific groups of students. Therefore, only students who define into these specific groups can stand or vote for that position. For example, only students who self-define as a disabled can stand or vote for the Disabled Students' Officer role.

These roles are voluntary and the successful candidate will carry out the role alongside their studies. All elected officers will be provided with training, support and guidance to carry out the role and make their priorities a reality.

These roles are elected in the Officer Elections held between January and March each year with any vacancies subsequently elected in the by-elections.

JOB-SHARE

Students will be able to stand for either volunteer officer roles or Full-time officer roles with one other individual. The pair will have one vote during meetings and will need a strong working relationship.

For more information please look at our blog post here or email union.elections@aber.ac.uk.

ELECTION RULES & GUIDANCE

The process for standing in the elections is contained in this Candidates Guide as are details of the elections process. Only applications completed using this process and within the specified deadline will be accepted.

Our general philosophy is candidates are expected to conduct themselves in a way that is fair, reasonable and engage in positive campaigning experience that helps students vote.

We don't believe restrictive rules help the elections process to engage students in discussions about their future experience or help them to vote. As such, we work to ensure our rules are as minimal as possible. Candidates are expected to ensure they and their campaign teams support this.

A document clarifying the rules before the start of campaigning can be found at www.abersu.co.uk/elections/electionshub

COMPLAINTS

Should you have any concerns about the conduct of campaigns, you should have evidence that it will impact on the outcome of the vote. If you wish to make a complaint about the elections. The following process must be used:

As soon as possible, you should summarise the issue using the online form which can be found at www.abersu.co.uk/elections/electionshub

You must use the form to tell us:

- **Who you are**
- **What your complaint is (specifying where possible which rule has been broken)**
- **The evidence you have that a rule has been broken**
- **What you would like to see as an outcome**

The Returning Officer/Deputy Returning Officer will consider your complaint and may consult others in their decision. You will receive an email with details of their decision. This will be done as soon as possible but more complicated cases may take some time to investigate.

If you believe that election rules have not been followed, there is new evidence or you think the Returning Officer/Deputy Returning Officer has been prejudiced or biased you can appeal to a dedicated appeals panel.

The appeal must be made no later than 12pm the day after the decision of the Returning Officer/Deputy Returning Officer has been communicated. You should summarise the appeal in an email sent to union.elections@aber.ac.uk. You must include your grounds for an appeal, what new evidence you have and what you would like to see as an outcome. Any decisions of the Appeals panel are final and cannot be appealed. Complaints should be made as soon as possible after the event. It will be very hard to judge complaints made after any long period. In any event, complaints will only be accepted up until one hour after the close of voting.

VOTING

AberSU uses the Single Transferable Vote (STV) to elect our student representatives. This basically means that each voter gets the chance to rank candidates in order they wish to see them elected – they will select numbers rather than just put a mark.

A winning candidate must receive a certain number of votes (known as quota) to be elected, which will change depending on the number of votes cast. This is in our opinion, the fairest method as it means candidates must have wide support to win.

All elections include RON (Re-Open Nominations) which allows students to make a positive vote, even if they don't agree with the policies of any of the candidates standing. Although we would urge students to consider using this option carefully as it could leave the role vacant until another election is called.

Evidence from Aberystwyth and the experience from other Students' Unions strongly suggest that the number of students voting in an election is heavily influenced by how candidates engage with voters and encourage them to vote.

Remember that for many students the act of voting is something we do at most one or two times a year, even for those of us who do it 'regularly' – consider how this has an impact on getting students to vote.

Students will be sent a unique voting link via their University Email to access voting; we also work with the University so this link displays when you log into the ApAber.

If you have any problems
accessing voting email
union.elections@aber.ac.uk

Further information about voting will be released at the Candidates Briefing.

RESULTS

Elections Results are emailed to candidates and posted on the Students' Union website and social media when announced, typically at 6pm on the same day of which voting closes.

The Officer Elections in March are the only elections where results are announced in person rather than online. This is typically at a high profile event where candidates, campaign teams and friends come to celebrate, with full details found on the Students' Union website and social media events pages in the weeks before.

As the election periods continue, we'll keep candidates up to date with more information where relevant.

WHAT HAPPENS AFTER THE ELECTION?

FULL-TIME OFFICER

All elected officers will start their year of office on 1st July 2023. Full-time Officers **MUST be available to attend training between mid-May and mid-June** and may be invited to other training and meetings to familiarise themselves with their new role and meet key individuals. As such, we recommend that you have good availability from mid-May onwards.

Between mid-July and early August, a series of national training events take place, and we strongly encourage you to attend the ones relevant to your position. And of course, the academic year usually begins mid-late September when new students begin to arrive on campus, and various activities and events take place up until early October.

We therefore recommend you consider all the above when booking holidays and be mindful of the serious impact taking leave during this period can have on your ability to get the result you want to achieve. Remember, you can never get that time back again! If you have any access requirements or caring responsibilities that you think should be considered, then we are happy to discuss these with you to support you in taking up the role.

VOLUNTEER OFFICER

We appreciate that many if not all of you will want to take a break from university life for the summer and/or work to support your studies. However, if we do not meet with you until the start of term, you will not be able to get the maximum out of the year. For this reason, we will ask you to attend events before the start of term in September to get to work encouraging and developing your ideas.

For those Volunteer Officers elected in our Autumn By-Elections, we will arrange a time to meet shortly after the election to bring successful candidates up to speed on anything they may have missed.
