

Create and establish an official constitution for UMCA

- Discuss with UMCA committee and members what values are important to them and what UMCA's relationship with the Undeb and the University should look like in their eyes.
- Establish a constitution that ensures a framework of safety for UMCA as an institution for the future.
- Create a sub-committee to focus on the constitution.
- Work with the Undeb to discuss how we can create a constitution that mutually benefits both parties.
