

## **Welsh Lessons for the Senedd**

### **Summary**

The Welsh Language Officer, in collaboration with the UMCA Representatives for 2024–2025, has proposed that all Senedd members, as elected representatives, should have a basic understanding of the Welsh language. To support this, a short introductory Welsh lesson will be held at the first Senedd meeting of each academic year, giving members the opportunity to learn some key phrases and engage with the language at a foundational level.
